Forecast For East of England
Issued by Met Office Exeter
at 0400 on Monday 11 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Milder and windy Monday, colder again through Tuesday.

Today:
Mainly dry with bright and occasionally sunny spells but becoming increasingly breezy through the day. Skies will turn cloudier in the afternoon with outbreaks of rain. Not as cold as recent days. Maximum temperature 7 deg C (45 deg F).

Tonight:
Wet and rather windy with some heavier pulses of rain moving across the region. Winds should ease through the early hours, but it will remain cloudy and damp. Minimum temperature 5 deg C (41 deg F).

Tuesday:
Cloudy and damp on Tuesday morning but rain easing and cloud clearing away to leave a largely sunny and cold afternoon. Light winds, but breezier along North Sea coasts. Maximum temperature 6 deg C (43 deg F).

Outlook for Wednesday to Friday:
Frosty start on Wednesday then clouding over with outbreaks of rain, perhaps continuing on Thursday before easing. Largely dry and bright on Friday. Cold throughout with frost and ice.
